## BONE CONDUCTION TECHNOLOGY

The wireless bone conduction headphone works by vibrations, sound transmit via hampan to your inner ear , which reduces the damage to hearing and is beneficial for those who are hard of hearing.

# ENVIRONMENTAL NOISE CANCELLATION

Your voice will be picked up and enhanced, while effectively suppressing background noise to ensure that you can hear your voice with excellent clarity even in a noisy environment.

## 360° ANTI-VIOLENCE BENDING.

Adapt to the shape according to different head sizes, twist at will, and fold continuously

## IPX5 WATERPROOF

IPX5 for daily waterproof use, sweat-proof & water resistant, enjoy outdoor activities freely.

## SAFE AND COMFORTABLE

Open-ear design helps you stay alert to your surroundings, avoid danger and meanwhile enjoy music. Bone conduction technology, wearing for a long time, don't hurt your ears.

## 7 HOURS PLAYTIME

Bluetooth headphones a rechargeable battery that provides up to 7 hours of continuous use, providing a reliable listening and talking experience for home, travel, workout, and on-the-go use.
